

Call For "Operator No. 25" Is Cause of Stir in Court When Hearing DuBois Evidence

Mysterious Detective Often Hinted At Becomes Reality and Dry Forces Prove Violations of Rulings

DISREGARD TREATING AND BOTTLE RULE

A real sensation was sprung today in license court when Attorney Arnold of the dry forces called for "Operator No. 25." The mysterious detective that has had everybody guessing over DuBois way arose from his seat back in the court room and for the first time proved for a certainty that all the talk about the dry forces being asleep was not true. The mysterious detective sat between two hotelmen in the court room but of course they did not know who the gentleman between them was. While the detective did not succeed in getting any more evidence from Mr. Hill the local Sherlock Holmes nevertheless, it lent considerable weight and color to the argument to have a real, sure enough detective with a mysterious air produce the evidence in approved gum shoe fashion.

John F. Read of the Evergreen hotel, Falls Creek, was called. In this case Raymond Stahl, a witness refused to appear when wanted and an attachment was issued and placed in the hands of Sheriff McCloskey who went after the witness.

William Buckiewicz was called and testified that he and Stahl, who was but 19 years of age went into the bar and Stahl bought them a drink. Also saw bottle sold and name label taken from bottle. During this testimony Mr. Read, the applicant, was seized with a fainting spell and carried from the room and the case continued.

DuBois Taken Up
W. L. Cotterell, of the Hotel DuBois was first applicant called to the stand. Had prohibited list of 62 with two or three added during year. Mr. Cotterell was represented by Miller & Hartwick.

Charles A. Deitz, of the St. James, also represented by Miller & Hartwick, was called. Had 65 on prohibited list.

Rev. J. C. Borland and President Reitz, of the Dry Federation assisted Messrs. Arnold and Swoope in the prosecution of the different cases.

Thomas F. Gaffney of the Alpine House, represented by Patterson & Patterson, came next. He had prohibited list of 15 with 6 added this year. Increase of \$1,000 in bar business during year. Rates were \$1.50 per day.

Mr. Deitz was recalled and questioned concerning three tables in hall between bar and dining room, which he said were used by people whom he did not wish to seat in the dining room. Served refreshments with meals. Served women with whiskey there at meal hours and any other time. Served by restaurant keepers.

Charles A. McDonald, of the Windsor hotel, also represented by Miller & Hartwick, was called and stated that he had a prohibited list of 30, with eight added this year. Had had some trouble at the bar during year, with several arrests in hotel. Bar run \$15,000 to \$20,000; house \$14,000. Did not put names on prohibited list unless given him in writing.

George Sloppy, of the Hotel Logan, represented by Miller & Hartwick had prohibited list of 65. Labeled bottles and numbered label.

S. A. Nelson, of the Nelson House, represented by Miller & Hartwick, accommodated 2879 last year. Bar ran \$19,000; served 7069 meals, house netting between \$3,000 and \$4,000. Prohibited list of 60, fourteen or fifteen added this year. Put verbal notices on list. Asked concerning a dance hall near the hotel said he had nothing to do with it.

William Krach, of the Keystone hotel, represented by Miller & Hartwick, had prohibited list of 60. Verbal notices placed on list. Accommodated 1400 lodgers; had five or six boarders. Bar ran \$14,400; hotel \$5,330. Rates \$1.25 per day. Did not allow treating. Had two bar tenders.

H. R. Burns, of the Fort Worth, also represented by Miller & Hartwick, had prohibited list of 50, three added this year. Bar ran \$20,658; hotel \$37,392.70. Served drinks upstairs to guests, and occasionally in parlor; no women served. Joe Bensinger of the Commercial

hotel, represented by Miller & Hartwick, said his bar ran \$25,739.19; hotel, \$35,250. Prohibited list of 130, six to ten added this year. Last three months had an average of 50 people per day, and 75 per cent. were lodgers. Had three bartenders.

DuBois hotel bar ran \$23,740; house \$22,586.

John Rokoski, of the Central hotel, represented by Patterson & Patterson, said his business ran \$20,000. Prohibited list of 40. Had no trouble and no arrests at his hotel. Added ten or fifteen to prohibited list.

Attorney Arnold said they desired to show actual conditions in DuBois as to sobriety, etc. Court asked the testimony be confined to what the witnesses knew from personal knowledge and not hearsay.

Rev. J. C. Borland was first witness. Had lived in DuBois one year. Was a member of Dry Federation and took part in a movement to investigate conditions in DuBois. During revival meeting last winter found a man with three bottles of liquor from same hotel in his pocket and later on found him with others, although he was on prohibited list. Also saw minors drunk on streets, including high school students. Saw three in one day. Six weeks ago saw two others. Investigation started last summer after a man came to him in tears regarding Sunday school boys drinking. Had a man come from Rochester, N. Y., and investigate hotels and also had a detective from the Brady detective agency at Pittsburgh.

Several minors in DuBois, residents of Jefferson county, also volunteered and evidence secured, signed, dated, sealed and placed under lock and key until being brought into court today. Was annoyed by drunken men coming onto his porch.

Mrs. David Griffith was called. She testified that her husband got drunk when he got a chance and she had visited the hotels and asked that he be refused liquor, because he would beat her when drunk. Brought bottle with which she had been struck by her drunken husband to the Hotel DuBois, whose label it bore. Said she rode freight train to DuBois from her home near C. & M. junction. Regardless of notices the hotels continued to sell him; she standing outside hotels and waiting until he went in and got the liquor. She had a memorandum of the hotels and times of liquor purchased and all the hotels offended. Said she heard Landlord McDonald invite her husband to drink on December 9th last. She had followed him into DuBois on a freight and was in the hotel when the offer was made. He had also bought a quart of whiskey at T. J. Gleason's. When she asked if she could buy a quart, Mr. Gleason said, "Yes, a half dozen if you want them." He also offered her a drink but she wouldn't indulge.

O. L. Landis, secretary Railroad Y. M. C. A. said condition among minors as to sobriety was very bad. Many young men came to the Y drunk and being ashamed to go home were put to bed. Also carried bottles to basketball games. Boys were from the best families in DuBois. He thought they got their liquor by the bottle route.

Rev. Borland was recalled and stated that the "dry" investigation was put in force actually about the middle of December.

I. N. Lynch Bradley detective, took the stand. He arranged to come to DuBois Sunday, December 31st, and started work Wednesday, January 3rd. Was employed by President Reitz of the Dry Federation. Visited all hotels but Alpine and Nelson. Saw treating going on in all hotels. Transacting being carried on openly. Saw this at the DuBois Hotel, Commercial, Fort Worth, also at Fort Worth and Windsor. Saw intoxicated man served with drink at DuBois Hotel and saw him refused at Fort Worth. Learned the man's name was McGee. Yesterday he saw treating at the Commercial Hotel. General conditions about bars were good for bar rooms.

John Hill, a former DuBoisite and

booze fighter, who reformed by leaving the town, was called. He now resides in Rochester, N. Y. He investigated conditions in DuBois December 13th and 14th. The first day saw treating at the Central hotel and saw an intoxicated man making disturbance there and using profane language.

December 13th at the St. James bar saw a drunk man with a pint on the bar, call three men in and treat them and got drink himself. Saw at least ten parties treat. Saw treating at Central, and saw intoxicated man getting drink and treating. Went from there to the Commercial with same drunk man and the drunk treated and got another drink.

Saw two boys coming out of Alpine bar looked to be not over 18 or 20. Oldest fellow went to the bar and called bar tender. Heard money rattle on bar but couldn't see sale, and then this fellow joined others at the bar. Saw treating and man getting pint. No questions asked. Forth Worth bar saw continuous treating. He and man from Sykesville each bought a pint at 9:05 p. m. Saw other bottle sales and no questions asked.

Grant Strawwetter of Falls Creek testified to having bought a bottle of whiskey at DuBois Hotel. Bottle was not labeled. Was asked by the Dry Federation to come to DuBois and endeavor to prove that license holders were violating rules of court. Bought eleven bottles. No questions asked in any case.

J. C. Cochran, of Jefferson county, gave similar testimony, except that he was asked at several hotels where he lived.

Homer Noll, of Sykesville, aged 18, high school boy, testified to having bought a half pint of whiskey at the Hotel DuBois. Said Rev. Smith of Sykesville, asked him to purchase it. Also purchased a drink of port wine. Wm. Buckiewicz, of Sykesville, aged 23, witnessed the transaction and so testified.

M. Geist, aged 20, also bought a half pint of liquor at Hotel DuBois on December 23rd. Rev. Borland furnished the money and he gave him the whiskey. Bought liquor there before. Sherman Horn aged 18, had bought liquor in DuBois in 1914 and ever since he was 17. Bought liquor there last night. Also two weeks ago bought bottles, too. Volunteered his testimony to better conditions in DuBois.

George Johnson, a Jefferson county citizen, bought a bottle of liquor at DuBois Hotel, December 16th. No questions asked. No rebuttal was offered by the applicant.

Charles Deitz was called again. His bar ran \$29,200 hotel and restaurant \$31,800.

Homer Noll testified that he had purchased drinks there, but didn't recall whether he had bought a bottle. Thirty six bottles of whiskey bought by minors and other investigators in violation of the law and rules of court were placed in evidence by the dry forces.

Mr. Geist bought a bottle at the St. James. Sherman Horn, aged 18, also purchased liquor in bottles and otherwise several times, last time six weeks ago.

Joe Locoskie, restaurant man at St. James hotel, was questioned concerning sale of drinks to women at a balling room near the bar.

The witness in the Dietz case gave similar testimony against Mr. McDonald. Noll stated that he purchased beer there September 16 at request of dry forces for purposes of this investigation.

Geist could not identify the bar tenders he bought from but Sherman Horn said he could identify the man who sold him and Judge Bell asked him to give him the date of sale after, with a view to ordering a criminal prosecution in each case of violation of the law.

KAISER MUSTACHE CLUB ORGANIZED AT BARBERTON
Barberton, O., Jan. 18.—It seems both fitting and just that the first "Kaiser Mustache Club" in the United States should be formed here in Barberton. To which the Barber of Barberton agrees. Ten Barberton men organized it; and the only qualification for membership is a mustache a la Wilhelm. The club is one might say, a growing institution.

SEEK MILLION FOR Y. M. C. A.

Pittsburgh, Jan. 18.—Y. M. C. A. workers started out bright and early to secure \$1,000,000 by popular subscription to a new building and improvement. The campaign will last for at least a week.

The organization plans to sell some of its present outgrown buildings for a sum approximating \$1,000,000 and add the amount realized from the sale to the proceeds of the campaign. New structures much larger than those sold will replace them and new buildings, including one for negroes and one for foreign-born residents, will be erected.

PUBLIC SPIRIT IN DEMAND

The public concerns of the Italian band have been thoroughly enjoyed by the residents of Clearfield ever since that organization began appearing in public. Undaunted by the weather they have appeared several times under adverse conditions. Another concert is announced for Saturday and regardless of the weather it will be given. Manager McGinnis of the Dimeling has very kindly granted the organization the right to give the concert in the lobby of the Dimeling but we think there must be some place in town that could be procured that would be more suitable than in the lobby of the hotel where the music will not sound as good as it would in a larger hall. Is it not possible to get the court room for this concert? No admission will be charged and it is not a commercial venture. We make this simply as a suggestion and if there is any rule standing in the way we will be glad to withdraw it.

Letters to the Editor

Editor of Progress,
Clearfield, Pa.
Dear Sir:

It is strange that Clearfield holds so little influence to her native sons. No matter how they may strive here, by far the greater percentage are forced to cast their lot elsewhere when entering their field of usefulness. Would it not be a good idea for the Chamber of Commerce to arrange a sale of vacancies at the end of the school year—cooperate with the school authorities and thus provide positions for the back again, photographer and there are that I find our own needs.

Yours very truly
C. communicated.

Prices On Water Co. Examination Are Given Council

Committee Composed of Boyce, Callahan and Walthers Will Select Company to Perform The Work

AI COWDRICK TAKES PLACE OF WILSON

Council met in regular session in the borough building last evening, eleven of the twelve members being present when President Fletcher called the meeting to order and took up the routine work of the session.

Following the reading of the minutes of the previous session and the reports of the different borough officials, C. G. Wilson, recently elected secretary of the Board of Health and Health Officer, presented his resignation as a member of council from the Fourth ward.

Prices for an examination of the books and a physical examination of the plant of the Clearfield Water Company were contained in communications received from Messrs. Boyce, Callahan and Walther, Squires & Co., and William Stauss, of Pittsburgh. Each item of concern wanted approximately \$1200 for the work and the matter of the selection of one or the other was referred to a committee composed of Messrs. Boyce, Callahan and Walther for report at next meeting.

Frank Thompson was present and asked for permission to place a pair of standard wagon scales on Martin street, near the corner of Park street, and same was referred to the Highway department for report at next meeting. There are no wagon scales on the West Side and this improvement will be a great advantage to coal haulers and others selling produce, etc., from that side of town.

The Finance committee and Chief of Fire department were directed to take up matter of fire plug charge for West Clearfield and repairs and examination of plugs with water company representatives and report at next meeting.

The Highway department reported that arrangements had been made to have shade trees along Catholic church property on Second street day, February 7, 1917, at 2 o'clock.

properly trimmed. Matter of resignation of Mr. Wilson as member of council from the Fourth ward was taken up and was accepted with regret by the body, as Mr. Wilson was regarded as a particularly able member.

In case of a vacancy the members of council from the ward are asked to recommend a successor. In this Mr. Overly recommended Al Cowdrick and J. Hick named Leslie F. Hop A ballot was ordered and Mr. Cowdrick chosen to serve as a member of council until January 1st 1918, when Mr. Wilson's unexpired term.

George W. Callahan, new member from the First ward, succeeding John Seiler, was sworn in by Just. Squires & Co., and William Stauss, of Pittsburgh. Each item of concern wanted approximately \$1200 for the work and the matter of the selection of one or the other was referred to a committee composed of Messrs. Boyce, Callahan and Walther for report at next meeting.

Gentlemen Tramps of America Are Enroute to Buffalo Convention

Uncertain Means of Travel and Unknown Time of Arrival Prohibits Fixing of Time

Cleveland, Jan. 18.—On foot, by freight, and maybe by passenger coach, 200 delegates are heading for Buffalo to attend the national convention of the American Council of Mill-

itary Workers of the World. In other words the gentlemen tramps of America.

Murray Youtz, national secretary, whose office is in Cleveland, explained today that it is impossible to fix the exact time of the convention. Un-

certain arrival of delegates will determine the starting time. When they reach Buffalo the convention will begin. That probably will be within the next two weeks.

The council is working for government ownership of railroads, employment of the unemployed by the government on public improvements, free transportation of workmen to where needed municipal ownership of food supply and cheap loans by the government.

THE SPIRIT OF THE RULING

Lovers of the spirit of rules will look with much favor on the announcement of the court that the courts of Center and Clearfield are to unite in measures that will assure the most benefit that can accrue from an enforcement of the rules of the courts. The old song that it is foolish to vote a state dry because its intemperates could get liquor from an adjoining state was knocked on the head by the validity of the Webb-Kenyon law. Likewise the claim that a "prohibited list" in this county was a fiasco is refuted by the agreement between the courts of Center and Clearfield on this matter.

There are rumors of the Bottle Brigade aligning itself with the Personal Liberty Party.

Up Coalport way it is not disorderly conduct to have a fracas in which a man is knocked unconscious and remains in that state for an indefinite time. The death rate is probably low in that territory.

The true temperance advocate believes there is no necessity for a license any place on this earth. Legal necessity, and plain, common sense necessity, however, are two different matters.

The fellow who wanted a license to accommodate those who came to Bribin to bury their dead evidently wanted to keep the mourners in the best of "spirits."

Nothing concealed about the motive of another gentleman who would make his rates one dollar per day. Failing to enlighten us as to the menu he would provide for this princely sum we must ask the gentleman for a further argument on the point of necessity.

Whatchama Column**LEGS**

Legs are convenient attachments used by human beings for climbing street cars, elevators, automobiles and other modes of transportation. At other times we just let them dangle from our waistlines.

Legs originally were designed in pairs, for human beings to get around on. But we've outgrown them. The only really useful leg today is the leg of ham or the leg of mutton.

Legs still constitute the only excuse for burlesque shows, of course;

and they're an aid in kicking cats and unwelcome suitors. But as things to walk on, we keep them only for emergencies.

This applies only to human beings. With horses, cows, pigs and like animals it's different. They still have use for a leg on each corner.

There is only one valid argument in favor of legs. If we didn't have them, what would we do with our feet?

A man instantaneously killed by a bullet never hears the report of the rifle that kills him, for the reason that the bullet travels more swiftly than the sound of the firing.

BOTH MEN TRAINING

Residents in the vicinity of Curwensville have been much interested in the sight of a man rowing a boat on the river these cold days when the ordinary mortal is glad to hug close to the stove and keep warm.

The person who is the cause of the interest is none other than Billy Nimnich who takes this method of putting himself in shape for his coming bout with Gayler in the Curwensville Opera house on Friday night.

That the bout is going to be fast is acknowledged by followers of the game.

Gayler last night worked out with six different men at the Davis pool room and from the way he took on these men and disposed of them in quick style there is no doubt that when referee Edwards calls time on Friday night there will be something doing from the first call until one or the other man's shoulders have been pinned to the mat.

We give comparative figures of the two men.

	Nimnich	Gayler
Age	26 years	32 years

"WHEN DREAMS COME TRUE"

The announcement is made that "When Dreams Come True," one of the newest musical comedies, which has a great vogue in New York and Chicago during last season, will be presented at the Opera House on Friday evening.

The action of the play opens on board the immigration deck of a steamship on its way to New York. The plot begins to unfold early and the music theme begins when Robert E. Adams as "Kean Hedges" the son of a multi-millionaire who, on account of having become infatuated with a French dancer in Paris, is recalled to America by his father. Being short of funds, he has had to take his passage home in the steerage of the ship, and it is while he is lonely, he sees, as he thinks, in a vision, his dream girl. When the ship reaches the dock, the girl of the dream becomes a reality, and romance runs merrily till the end.

A number of tuneful songs are introduced, chief among them being "Come Along to the Movies," "Love is Such a Funny Little Feeling," "You, Dear You," "Who's the Little Girl?" and "When Dreams Come True."

The scenic appointments are elaborate, and the costuming of the various members shows a number of new and elaborate creations.

The company numbers forty people with a large singing and dancing contingent selected for their youth, grace and ability.

"When Dreams Come True" it is promised, will be one of the most enjoyable theatrical entertainments of our local season. Seats now on sale.

"THE COMBAT"

Special at the Globe Theatre Tomorrow

One of the greatest film productions of the Vitaphone Blue Ribbon service with Anita Stewart in the leading role.

It is a portrayal of the 4me old fight of mind against heart dictates. The two forces woven from a different fabric—two hearts that beat out of tune.

Her mother bartered her to this man for his social position and her debts. But the girl's faith was with another man whom she had secretly married and who had been reported dead.

How she overcomes the misery of her home life saves her first husband from the electric chair, and finds her real love in the dawn of a new day, makes a vigorous attention-compelling, heart-touching drama with staccato action and emotional interest.

You're acquainted with Anita Stewart, with her daintiness as an actress. Come and see her act at the Globe theatre.

TACKLE CAR SHORTAGE QUESTION

Harrisburg, Jan. 18.—Railroad officials and soft coal miners flocked here today to thresh out before the Public Service commission the question of loading cars at tipples and otherwise.

Last year, when railroads refused to furnish cars to mines not equipped with tipples the commission ruled against discrimination.

Now the railroads have brought up the matter formally by asking permission to amend their tariffs so that the rates apply only to mines with tipples, granting the right to refuse to furnish cars for wagon-loading. The Pennsylvania railroad, which is the petitioner, says that the car shortage has become so serious it cannot afford to waste time loading cars from wagons.

RESULTFUL MEETINGS

Religion is becoming a more popular subject as the meetings continue at West Side. There have been conversions almost nightly, twenty young people having consecrated their lives to the service of Jesus Christ. Last evening after an inspiring sermon by Rev. Mr. Harper, of Penfield the members and friends gathered about the altar for prayer and earnest work and as a result five young men and women sought and found Christ. All friends and members of the church are urged to come nightly as the meetings will continue only one more week and we hope to make the best use of the time.

PLEASANT BIRTHDAY PARTY

A very pleasant birthday party was held at the home of Mr. and Mrs. J. Frank Connelly on Cherry street last evening, the occasion being the celebration of the birthday of the head of the house. That the event has served its purpose can best be gained by the exceedingly small stocks now on hand, however, for one reason or another, a few lines still remain, so the price knife has been put still deeper into these and, for the final TWO DAYS, prices are on a par with values offered when cotton was selling for 5c a pound, wheat at 30c a bushel and eggs at 15c a dozen. THE VALUE OF MONEY

Little as one may think of it, the value of money is often determined by the use to which it is put by its owner. Some people, as you often hear, do not value money highly either by reason of the fact that they inherited it or it comes easy to them.

But the woman who must make her weekly or monthly allowance cover her household needs and possibly clothes realizes the value of money and how it applies to the purchasing ability of its owner. Such women as these are quick to realize the buying advantages presented during the present month at this store.

Call For "Operator No. 25" Is Cause of Stir in Court When Hearing DuBois Evidence

Mysterious Detective Often Hinted At Becomes Reality and Dry Forces Prove Violations of Rulings

DISREGARD TREATING AND BOTTLE RULE

A real sensation was sprung today in license court when Attorney Arnold of the dry forces called for "Operator No. 25." The mysterious detective that has had everybody guessing over DuBois way arose from his seat back in the court room and for the first time proved for a certainty that all the talk about the dry forces being asleep was not true. The mysterious detective sat between two hotelmen in the court room but of course they did not know who the gentleman between them was. While the detective did not succeed in getting any more evidence than Mr. Hill the local Sherlock Holmes nevertheless, it lent considerable weight and color to the argument to have a real, sure enough detective with a mysterious air produce the evidence in approved gum shoe fashion.

John F. Read of the Evergreen hotel, Falls Creek, was called. In this case Raymond Stahl, a witness refused to appear when wanted and an attachment was issued and placed in the hands of Sheriff McCloskey who went after the witness.

William Buckiewicz was called and testified that he and Stahl, who was but 19 years of age went into the bar and Stahl bought them a drink. Also saw bottle sold and name label taken from bottle. During this testimony Mr. Read, the applicant, was seized with a fainting spell and carried from the room and the case continued.

DuBois Taken Up
W. L. Cotterell, of the Hotel DuBois was first applicant called to the stand. Had prohibited list of 62 with two or three added during year. Mr. Cotterell was represented by Miller & Hartwick.

Charles A. Deitz, of the St. James, also represented by Miller & Hartwick, was called. Had 65 on prohibited list.

Rev. J. C. Borland and President Reitz, of the Dry Federation assisted Messrs. Arnold and Swoope in the prosecution of the different cases.

Thomas F. Gaffney of the Alpine House, represented by Patterson & Patterson, came next. He had prohibited list of 15 with 6 added this year. Increase of \$1,000 in bar business during year. Rates were \$1.50 per day.

Mr. Deitz was recalled and questioned concerning three tables in hall between bar and dining room, which he said were used by people whom he did not wish to seat in the dining room. Served refreshments with meals. Served women with whiskey there at meal hours and any other time. Served by restaurant keepers.

Charles A. McDonald, of the Windsor hotel, also represented by Miller & Hartwick, was called and stated that he had a prohibited list of 30, with eight added this year. Had had some trouble at the bar during year, with several arrests in hotel. Bar run \$15,000 to \$20,000; house \$14,000. Did not put names on prohibited list unless given him in writing.

George Sloppy, of the Hotel Logan, represented by Miller & Hartwick had prohibited list of 65. Labeled bottles and numbered label.

S. A. Nelson, of the Nelson House, represented by Miller & Hartwick, accommodated 2879 last year. Bar ran \$19,000; served 7069 meals, house netting between \$3,000 and \$4,000. Prohibited list of 60, fourteen or fifteen added this year. Put verbal notices on list. Asked concerning a dance hall near the hotel said he had nothing to do with it.

William Krach, of the Keystone hotel, represented by Miller & Hartwick, had prohibited list of 60. Verbal notices placed on list. Accommodated 1400 lodgers; had five or six boarders. Bar ran \$14,400; hotel \$5,330. Rates \$1.25 per day. Did not allow treating. Had two bar tenders.

H. R. Burns, of the Fort Worth, also represented by Miller & Hartwick, had prohibited list of 50, three added this year. Bar ran \$20,658; hotel \$37,392.70. Served drinks upstairs to guests, and occasionally in parlor; no women served. Joe Bensinger of the Commercial

hotel, represented by Miller & Hartwick, said his bar ran \$25,739.19; hotel, \$35,250. Prohibited list of 130, six to ten added this year. Last three months had an average of 50 people per day, and 75 per cent. were lodgers. Had three bartenders.

DuBois hotel bar ran \$23,740; house \$22,586.

John Rokoski, of the Central hotel, represented by Patterson & Patterson, said his business ran \$20,000. Prohibited list of 40. Had no trouble and no arrests at his hotel. Added ten or fifteen to prohibited list.

Attorney Arnold said they desired to show actual conditions in DuBois as to sobriety, etc. Court asked the testimony be confined to what the witnesses knew from personal knowledge and not hearsay.

Rev. J. C. Borland was first witness. Had lived in DuBois one year. Was a member of Dry Federation and took part in a movement to investigate conditions in DuBois. During revival meeting last winter found a man with three bottles of liquor from same hotel in his pocket and later on found him with others, although he was on prohibited list. Also saw minors drunk on streets, including high school students. Saw three in one day. Six weeks ago saw two others. Investigation started last summer after a man came to him in tears regarding Sunday school boys drinking. Had a man come from Rochester, N. Y., and investigate hotels and also had a detective from the Brady detective agency at Pittsburgh.

Several minors in DuBois, residents of Jefferson county, also volunteered and evidence secured, signed, dated, sealed and placed under lock and key until being brought into court today. Was annoyed by drunken men coming onto his porch.

Mrs. David Griffith was called. She testified that her husband got drunk when he got a chance and she had visited the hotels and asked that he be refused liquor, because he would beat her when drunk. Brought bottle with which she had been struck by her drunken husband to the Hotel DuBois, whose label it bore. Said she rode freight train to DuBois from her home near C. & M. junction. Regardless of notices the hotels continued to sell him; she standing outside hotels and waiting until he went in and got the liquor. She had a memorandum of the hotels and times of liquor purchased and all the hotels offended. Said she heard Landlord McDonald invite her husband to drink on December 9th last. She had followed him into DuBois on a freight and was in the hotel when the offer was made. He had also bought a quart of whiskey at T. J. Gleason's. When she asked if she could buy a quart, Mr. Gleason said, "Yes, a half dozen if you want them." He also offered her a drink but she wouldn't indulge.

O. L. Landis, secretary Railroad Y. M. C. A. said condition among minors as to sobriety was very bad. Many young men came to the Y drunk and being ashamed to go home were put to bed. Also carried bottles to basketball games. Boys were from the best families in DuBois. He thought they got their liquor by the bottle route.

Rev. Borland was recalled and stated that the "dry" investigation was put in force actually about the middle of December.

I. N. Lynch Bradley detective, took the stand. He arranged to come to DuBois Sunday, December 31st, and started work Wednesday, January 3rd. Was employed by President Reitz of the Dry Federation. Visited all hotels but Alpine and Nelson. Saw treating going on in all hotels. Transacting being carried on openly. Saw this at the DuBois Hotel, Commercial, Fort Worth, also at Fort Worth and Windsor. Saw intoxicated man served with drink at DuBois Hotel and saw him refused at Fort Worth. Learned the man's name was McGee. Yesterday he saw treating at the Commercial Hotel. General conditions about bars were good for bar rooms.

John Hill, a former DuBoisite and

booze fighter, who reformed by leaving the town, was called. He now resides in Rochester, N. Y. He investigated conditions in DuBois December 13th and 14th. The first day saw treating at the Central hotel and saw an intoxicated man making disturbance there and using profane language.

December 13th at the St. James bar saw a drunk man with a pint on the bar, call three men in and treat them and got drink himself. Saw at least ten parties treat. Saw treating at Central, and saw intoxicated man getting drink and treating. Went from there to the Commercial with same drunk man and the drunk treated and got another drink.

Saw two boys coming out of Alpine bar looked to be not over 18 or 20. Oldest fellow went to the bar and called bar tender. Heard money rattle on bar but couldn't see sale, and then this fellow joined others at the bar. Saw treating and man getting pint. No questions asked. Forth Worth bar saw continuous treating. He and man from Sykesville each bought a pint at 9:05 p. m. Saw other bottle sales and no questions asked.

Grant Strawcutter of Falls Creek testified to having bought a bottle of whiskey at DuBois Hotel. Bottle was not labeled. Was asked by the Dry Federation to come to DuBois and endeavor to prove that license holders were violating rules of court. Bought eleven bottles. No questions asked in any case.

J. C. Cochran, of Jefferson county, gave similar testimony, except that he was asked at several hotels where he lived.

Homer Noll, of Sykesville, aged 18, High school boy, testified to having bought a half pint of whiskey at the Hotel DuBois. Said Rev. Smith of Sykesville, asked him to purchase it. Also purchased a drink of port wine.

Wm. Buckiewicz, of Sykesville, aged 23, witnessed the transaction and so testified.

M. Geist, aged 20, also bought a half pint of liquor at Hotel DuBois on December 23rd. Rev. Borland furnished the money and he gave him the whiskey. Bought liquor there before.

Sherman Horn aged 18, had bought liquor in DuBois in 1914 and ever since he was 17. Bought liquor there last night. Also two weeks ago bought bottles, too. Volunteered his testimony to better conditions in DuBois.

George Johnson, a Jefferson county citizen, bought a bottle of liquor at DuBois Hotel, December 16th. No questions asked. No rebuttal was offered by the applicant.

Charles Deitz was called again. His bar ran \$29,200 hotel and restaurant \$31,800.

Homer Noll testified that he had purchased drinks there, but didn't recall whether he had bought a bottle. Thirty six bottles of whiskey bought by minors and other investigators in violation of the law and rules of court were placed in evidence by the dry forces.

Mr. Geist bought a bottle at the St. James. Sherman Horn, aged 18, also purchased liquor in bottles and otherwise several times, last time six weeks ago.

Joe Locoskie, restaurant man at St. James hotel, was questioned concerning sale of drinks to women at a billiard room near the bar.

The witness in the Dietz case gave similar testimony against Mr. McDonald. Noll stated that he purchased beer there September 16 at request of dry forces for purposes of this investigation.

Geist could not identify the bar tenders he bought from but Sherman Horn said he could identify the man who sold him and Judge Bell asked him to give him the date of sale after, with a view to ordering a criminal prosecution in each case of violation of the law.

KAISER MUSTACHE CLUB ORGANIZED AT BARBERTON
Barberton, O., Jan. 18.—It seems both fitting and just that the first "Kaiser Mustache Club" in the United States should be formed here in Barberton. To which the Barber of Barberton agrees. Ten Barberton men organized it; and the only qualification for membership is a mustache a la Wilhelm. The club is one might say, a growing institution.

SEEK MILLION FOR Y. M. C. A.

Pittsburgh, Jan. 18.—Y. M. C. A. workers started out bright and early to secure \$1,000,000 by popular subscription to a new building and improvement. The campaign will last for at least a week.

The organization plans to sell some of its present outgrown buildings for a sum approximating \$1,000,000 and add the amount realized from the sale to the proceeds of the campaign. New structures much larger than those sold will replace them and new buildings, including one for negroes and one for foreign-born residents, will be erected.

PUBLIC SPIRIT IN DEMAND

The public concerns of the Italian band have been thoroughly enjoyed by the residents of Clearfield ever since that organization began appearing in public. Undaunted by the weather they have appeared several times under adverse conditions. Another concert is announced for Saturday and regardless of the weather it will be given. Manager McGinnis of the Dimeling has very kindly granted the organization the right to give the concert in the lobby of the Dimeling but we think there must be some place in town that could be procured that would be more suitable than in the lobby of the hotel where the music will not sound as good as it would in a larger hall. Is it not possible to get the court room for this concert? No admission will be charged and it is not a commercial venture. We make this simply as a suggestion and if there is any rule standing in the way we will be glad to withdraw it.

Letters to the Editor

Editor of Progress,
Clearfield, Pa.
Dear Sir:

It is strange that Clearfield holds so little influence to her native sons. No matter how they may strive here, by far the greater percentage are forced to cast their lot elsewhere when entering their field of usefulness. Would it not be a good idea for the Chamber of Commerce to arrange a ride of vacancies and at the end of the school year to cooperate with the school authorities and thus provide positions for the best students, photographer and there are that I find our own needs.

Yours very truly
C. communicated.

Prices On Water Co. Examination Are Given Council

Committee Composed of Boyce, Callahan and Walthers Will Select Company to Perform The Work

AI COWDRICK TAKES PLACE OF WILSON

Council met in regular session in the borough building last evening, eleven of the twelve members being present when President Fletcher called the meeting to order and took up the routine work of the session.

Following the reading of the minutes of the previous session and the reports of the different borough officials, C. G. Wilson, recently elected secretary of the Board of Health and Health Officer, presented his resignation as a member of council from the Fourth ward.

Prices for an examination of the books and a physical examination of the plant of the Clearfield Water Company were contained in communications received from Messrs. Boyce, Callahan and Walther, Squires & Co., and William Stauss, of Pittsburgh. Each item of concern wanted approximately \$1200 for the work and the matter of the selection of one or the other was referred to a committee composed of Messrs. Boyce, Callahan and Walther for report at next meeting.

Frank Thompson was present and asked for permission to place a pair of standard wagon scales on Martin street, near the corner of Park street, and same was referred to the Highway department for report at next meeting.

There are no wagon scales on the West Side and this improvement will be a great advantage to coal haulers and others selling produce, etc., from that side of town.

The Finance committee and Chief of Fire department were directed to take up matter of fire plug charge for West Clearfield and repairs and examination of plugs with water company representatives and report at next meeting.

The Highway department reported that arrangements had been made to have shade trees along Catholic church property on Second street day, February 7, 1917, at 2 o'clock.

Gentlemen Tramps of America Are Enroute to Buffalo Convention

Uncertain Means of Travel and Unknown Time of Arrival Prohibits Fixing of Time

Cleveland, Jan. 18.—On foot, by freight, and maybe by passenger coach, 200 delegates are heading for Buffalo to attend the national convention of the American Council of Unemployed Workers of the World.

Murray Youtz, national secretary, whose office is in Cleveland, explained today that it is impossible to fix the exact time of the convention. Un-

certain arrival of delegates will determine the starting time. When they reach Buffalo the convention will begin. That probably will be within the next two weeks.

The council is working for government ownership of railroads, employment of the unemployed by the government on public improvements, free transportation of workmen to where needed municipal ownership of food supply and cheap loans by the government.

THE SPIRIT OF THE RULING

Lovers of the spirit of rules will look with much favor on the announcement of the court that the courts of Center and Clearfield are to unite in measures that will assure the most benefit that can accrue from an enforcement of the rules of the courts. The old song that it is foolish to vote a state dry because its intemperates could get liquor from an adjoining state was knocked on the head by the validity of the Webb-Kenyon law. Likewise the claim that a "prohibited list" in this county was a fiasco is refuted by the agreement between the courts of Center and Clearfield on this matter.

There are rumors of the Bottle Brigade aligning itself with the Personal Liberty Party.

Up Coalport way it is not disorderly conduct to have a fracas in which a man is knocked unconscious and remains in that state for an indefinite time. The death rate is probably low in that territory.

The true temperance advocate believes there is no necessity for a license any place on this earth. Legal necessity, and plain, common sense necessity, however, are two different matters.

The fellow who wanted a license to accommodate those who came to Bribin to bury their dead evidently wanted to keep the mourners in the best of "spirits."

Nothing concealed about the motive of another gentleman who would make his rates one dollar per day. Failing to enlighten us as to the menu he would provide for this princely sum we must ask the gentleman for a further argument on the point of necessity.

Whatchama Column**LEGS**

Legs are convenient attachments used by human beings for climbing street cars, elevators, automobiles and other modes of transportation. At other times we just let them dangle from our waistlines.

Legs originally were designed in pairs, for human beings to get around on. But we've outgrown them. The only really useful leg today is the leg of ham or the leg of mutton.

Legs still constitute the only excuse for burlesque shows, of course;

and they're an aid in kicking cats and unwelcome suitors. But as things to walk on, we keep them only for emergencies.

This applies only to human beings. With horses, cows, pigs and like animals it's different. They still have use for a leg on each corner.

There is only one valid argument in favor of legs. If we didn't have them, what would we do with out feet?

A man instantaneously killed by a bullet never hears the report of the rifle that kills him, for the reason that the bullet travels more swiftly than the sound of the firing.

BOTH MEN TRAINING

Residents in the vicinity of Curwensville have been much interested in the sight of a man rowing a boat on the river these cold days when the ordinary mortal is glad to hug close to the stove and keep warm.

The person who is the cause of the interest is none other than Billy Nimnich who takes this method of putting himself in shape for his coming bout with Gayler in the Curwensville Opera house on Friday night.

That the bout is going to be fast is acknowledged by followers of the game. Gayler last night worked out with six different men at the Davis pool room and from the way he took on these men and disposed of them in quick style there is no doubt that when referee Edwards calls time on Friday night there will be something doing from the first call until one or the other man's shoulders have been pinned to the mat.

We give comparative figures of the two men.

	Nimnich	Gayler
Age	26 years	32 years
Weight	158 pounds	175 pounds

That's what one lady said after I had cleaned a velvet suit for her. The "pile" stood up and had that "shimmery" look of new material. She was pleased. You will be, too, if you will bring in anything velvet to be cleaned.

"WHEN DREAMS COME TRUE"

The announcement is made that "When Dreams Come True," one of the newest musical comedies, which has a great vogue in New York and Chicago during last season, will be presented at the Opera House on Friday evening.

The action of the play opens on board the immigration deck of a steamship on its way to New York. The plot begins to unfold early and the music theme begins when Robert E. Adams as "Kean Hedges" the son of a multi-millionaire who, on account of having become infatuated with a French dancer in Paris, is recalled to America by his father. Being short of funds, he has had to take his passage home in the steerage of the ship, and it is while he is lonely, he sees, as he thinks, in a vision, his dream girl. When the ship reaches the dock, the girl of the dream becomes a reality, and romance runs merrily till the end.

A number of tuneful songs are introduced, chief among them being "Come Along to the Movies," "Love is Such a Funny Little Feeling," "You, Dear You," "Who's the Little Girl?" and "When Dreams Come True."

The scenic appointments are elaborate, and the costuming of the various members shows a number of new and elaborate creations.

The company numbers forty people with a large singing and dancing contingent selected for their youth, grace and ability.

"When Dreams Come True" it is promised, will be one of the most enjoyable theatrical entertainments of our local season. Seats now on sale.

"THE COMBAT"

Special at the Globe Theatre Tomorrow

One of the greatest film productions of the Vitaphone Blue Ribbon service with Anita Stewart in the leading role.

It is a portrayal of the 4me old fight of mind against heart dictates. The two forces woven from a different fabric—two hearts that beat out of tune.

Her mother bartered her to this man for his social position and her debts. But the girl's faith was with another man whom she had secretly married and who had been reported dead.

How she overcomes the misery of her home life saves her first husband from the electric chair, and finds her real love in the dawn of a new day, makes a vigorous attention-compelling, heart-touching drama with staccato action and emotional interest.

You're acquainted with Anita Stewart, with her daintiness as an actress. Come and see her act at the Globe theatre.

TACKLE CAR SHORTAGE QUESTION

Harrisburg, Jan. 18.—Railroad officials and soft coal miners flocked here today to thresh out before the Public Service commission the question of loading cars at tipples and otherwise.

Last year, when railroads refused to furnish cars to mines not equipped with tipples the commission ruled against discrimination.

Now the railroads have brought up the matter formally by asking permission to amend their tariffs so that the rates apply only to mines with tipples, granting the right to refuse to furnish cars for wagon-loading. The Pennsylvania railroad, which is the petitioner, says that the car shortage has become so serious it cannot afford to waste time loading cars from wagons.

RESULTFUL MEETINGS

Religion is becoming a more popular subject as the meetings continue at West Side. There have been conversions almost nightly, twenty young people having consecrated their lives to the service of Jesus Christ. Last evening after an inspiring sermon by Rev. Mr. Harper, of Penfield the members and friends gathered about the altar for prayer and earnest work and as a result five young men, and women sought and found Christ. All friends and members of the church are urged to come nightly as the meetings will continue only one more week and we hope to make the best use of the time.

PLEASANT BIRTHDAY PARTY

A very pleasant birthday party was held at the home of Mr. and Mrs. J. Frank Connelly on Cherry street last evening, the occasion being the celebration of the birthday of the head of the house. Progressive euchre was engaged in and twenty persons participated. The prizes were won by Grant Butler and Mrs. R. H. Daugherty. Elegant refreshments were also enjoyed.

Still Further Price Reductions for The Last Two Days of The January Clearance

We mentioned in our opening announcement that this event was inaugurated for the purpose of making an absolute, final and sure clean-up of every article of a winter nature remaining in the store. That the event has served its purpose can best be gained by the exceedingly small stocks now on hand, however, for one reason or another, a few lines still remain, so the price knife has been put still deeper into these and, for the final TWO DAYS, prices are on a par with values offered when cotton was selling for 5c a pound, wheat at 30c a bushel and eggs at 15c a dozen. We mention these quotations so that you can get an idea of the tremendous reductions now in force.

THE VALUE OF MONEY

Little as one may think of it, the value of money is often determined by the use to which it is put by its owner. Some people, as you often hear, do not value money highly either by reason of the fact that they inherited it or it comes easy to them.

But the woman who must make her weekly or monthly allowance cover her household needs and possibly clothes realizes the value of money and how it applies to the purchasing ability of its owner. Such women as these are quick to realize the buying advantages presented during the present month at this store.
